Good Morning Steve (assuming you're receiving this Monday morning, December 14)...

As the Executive Director of the Westchester Town Center Business Improvement District (BID), I was involved in Deputy Chief Grimala's conference calls of November 19 and December 3. In follow-up to her suggestions and after discussion with several of our BID Board members, we would like to facilitate / host a meeting of the biggest potential terrorism "soft targets" we see in our area, excluding Los Angeles World Airways and The Gateway to L.A. (Century Corridor) area, although we would propose to invite their representatives for coordination purposes. It's our thought that LAPD should provide the "program" for this meeting in the same vein as Grimala's briefing on November 19. The purpose of the meeting would be to share information and to initiate emergency prevention and planning efforts.

This email is written to request a couple of alternative dates in January that work for LAPD. The BID will distribute invitations and meeting accommodations. We're thinking about a 1 1/2 to 2 hour time slot.

Our list if invitees includes the following:

- Westchester BID
- Drollinger Properties
- CBRE / "Super Block" (Kohl's, Trader Joe's, etc.)
- Westchester Medical Center (10 story building @ Sepulveda & Manchester)
- Fritz Burns Building (multi story building @ La Tijera & Manchester)
- YMCA (8015 S. Sepulveda)
- Westchester Lutheran School (7830 S. Sepulveda)
- Howard Hughes Center
- America West (?) Apartments @ Lincoln & Westchester Parkway
- Otis College
- Custom Hotel
- Decron Properties (large apartments @ Lincoln & Manchester)
- LMU
- Neighborhood Council
- Chamber of Commerce
- LAWA Representatives (per LAPD)
- The Gateway to L.A. BID (Laurie Hughes)

- Others as appropriate

Please let us know your thoughts. Thank you.
